Dominion purchased SCANA thus SCE&G with complete knowledge of the economics of the business.
I object to this rate increase per the following:

1. Producer price indices have NO RELEVANCE to utility rates.
2. Dominion has greatly reduced senior staff of SCANA/SCE&G.
3. Labor costs have remained extremely stable since the purchase.
4. Energy inputs of coal and natural gas have remained low or declined since the purchase.
5. There have been no unusual investment, operation or maintenance costs.
6. Any recent data is grossly affected by temporary reduced demand due to COVID-19.
7. Un-seasonal weather in the 2019-2020 heating season should be ignored as abnormal.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
